Bouties to Soldiers of 1861 and 1862. Passed March 2, 1866, by unanimous consent of the House of Representatives in Congress.

Resolved, That the Committee on Military Affairs be instructed to inquire into the propriety of providing by law that soldiers who enlisted in 1861 and 1862, and served more than one year, and were discharged in consequence of disease contracted in the service, shall receive the Government bounty to which they would have been entitled had they served two years.

All soldiers so discharged should immediately send their discharges for collection of said bounty to me, and I will get their money for them as soon as the same can be obtained by any other person.

CORRESPONDENCE, giving news items of general interest, solicited from all parts of the county.

NEW STORE.—Mr. T. A. Martin is receiving and opening a New Stock of Goods in Bratton's building, second door east of the Court House. Mr. Martin proposes to sell goods at lower prices than they have been bought in McArthur for in the past three years. Call and see.

The election on Monday last passed off very quietly. Nothing of importance transpiring during the whole day.

We wish our friends would send in the returns of the different Township elections by next Tuesday, so as to insure their publication next week.

MADISON TOWNSHIP.—The election in this township resulted in the election of a "mixed ticket," composed of both parties, under the name of the "People's Ticket."

CLINTON TOWNSHIP.—The whole Democratic Ticket was elected, except one Constable.

McARTHUR ELECTION.—The following are the officers of our corporation: Mayor, Joseph Kaler, Recorder G. W. Shockey, Treasurer John P. Dunkle, Marshal Parker Rankin, Street Commissioner G. W. Pilcher, Council John H. King, L. Sprague, P. Horton, A. H. Dowd and E. A. Hulbert.

VINTON COUNTY ELECTIONS.—The elections in the various townships of this County, passed off on Monday last without excitement. The result shows an endorsement of the policy of the President.

Scarcely a man of the Democratic party but gives a hearty approval of the course that President Johnson pursues, and the general belief is, that it will restore peace and unity to the people and promote general prosperity. In Elk township the Democratic strength was not out, and in fact no exertion was made, only the Saturday before the election, a full ticket was nominated by a few persons. If Democrats want to be successful they must commence work sooner, and give notice of their acts publicly, so the people can know what is going on, and who the candidates are. &c. In all the other Townships heard from Democrats elect their ticket for township officers.

DAYTON elects her Democratic Mayor by a handsome majority. This is well done for the home of Vallandigham, when we take into consideration that last year it was largely Republican. Oh, how true it is "that time makes all things even."

AHEAD.—Ames township ahead.

Mrs. Henry Perrod in the mother of three interesting responsibilities, three days old to-day, Feb. 2d. All girls. Who can beat it? All doing well.—[Athens Messenger.]

A lady at Rossville, in this county, a short time since, gave birth to triplets.

Three boys, whom she named Grant, Sherman and Sheridan. We can husband yours Mr. Messenger, and after they get married, they can raise their own heirs.—[Zanesville Courier.]

Comment is unnecessary.—[Portsmouth Tribune.]

A lady in this county gave birth to 2 triplets, 4 girls and 2 boys. Morgan ahead.—[Morgan County Herald.]

Pass in your clips, gentlemen.—[Athens Messenger.]

Pass out your chairs, ladies.—[Washington Co. News.]

A cotemporary says: There is a man up in our country who always pays for the paper in advance. He has never been sick a day in his life, never had any corns or toothache, his potatoes never rot, the weevil never eats his wheat, the frost never kills his corn or beans, his babies never cry in the night, and most wonderful of all, his wife never scolds.

CHOLERA.—We have heard of but very little preparation being made by either private persons or corporate authorities to receive that terrible scourge—the Asiatic Cholera—which, it is confidently predicted by those whose judgment is considered reliable, will visit us the coming year.—[Sentinel.]

BURGLARY BY WHOLESALE.—On last Thursday night the Burglars of Pomeroy broke into five stores and the postoffice. They took some three or four bags of mail from the office. Among the stores broken into we learn was Capt. O. W. Branches, clothing establishment from which they took considerable clothing. They failed to get open the post office safe.—[Messenger.]

STREET CROSSINGS DEPRECIATED.—The Round Table has had much to say of the coast manufacturers of the East driving a tremendous business in the manufacture and sale of artificial calves for fashionable ladies. The editor of the Sandusky Register takes up the question and makes a local application in the following "farewell expressions."

"Patent adjusted calves! Farewell romance—farewell to shapely ankles and the attendant thrill! Street crossings have lost their value, and society is a cheat. Hail to the carnival of false hair, false teeth, false breath, and false calves!"

In the course of the article referred to it is stated that "quite a number of ladies who have created thrilling sensations, on the skating parks have been harnessed in false calves." Down here during the skating season, we didn't see any ladies harnessed in false calves, but in one or two cases we guess they were harnessed to great calves, judging from the way their male partners bowed when they chanced to break through the ice.

Fairs.—A state fair is a queen, an agricultural fair is a farmers daughter, a church fair is a parsons wife, an editors fair is the best looking girl he can get hold of, a charity fair is a female pauper, and the most popular fair in the universe is boardings house fare.

PLANTING BY THE MOON.—The Harlequin (Miss.) Copihan enlightens us thus upon this abstruse subject:

There are a great many who ridicule the idea of Planting by the moon, but experience is wiser than science, and many of the most successful gardeners observe rigidly the rule of planting according to the changes of the moon. An old friend, in whose judgment we have faith, assures us that all vegetables of the vine kind, as beans, peas, potatoes, &c., bear more luxuriantly if planted in the first three or four days after full moon, and that corn planted on the decline of the moon will make heavier ears than if planted at any other time. Let our gardeners and planters remember this, and make the experiment.

NEW SKIRT FOR 1866.

The Great Invention of the Age in HOOP SKIRTS.

J. W. Bradley's New Patent Duplex Elliptic (or Double) Spring Skirt.

The invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs ingeniously braided tightly and firmly together, edge to edge, making the toughest, most inflexible, elastic, and durable Spring ever used. They seldom bend or break, like the single springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, churches, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day will never afterwards dispense with their use. For children, Misses and young ladies they are superior to all others.

The hoops are covered with two ply double twisted thread and will wear twice as long as the single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also double steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, etc., etc., which they are constantly subject to when in use.

Are made of the new and elegant corded tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most durable, comfortable and economical skirt ever made.
